Dear Potential Sponsor,

Thank you for your consideration in making a contribution to our organization. Your donation will go towards our excel scholarship fund/program that will help economically disadvantage children who are not able to benefit from our professional speed and fitness training youth camps.

Our training is to help build discipline, attitude, and character to maximize their total potential as an individual. Also, to develop quickness, enhance speed and maximize fitness development to create healthy and active young adults.

If you would like further information concerning our Excel Speed & Fitness Training youth program please give us a call @ (407) 466-5637.

Thank you, for your support.

Lo Wood
